## Master of Science in Nursing Primary Care - Adult-Gerontology Nurse Practitioner

The 39 credit curriculum consists of core, cognate and role courses divided into two levels. Level I contains core and cognate courses which provide the foundation for graduate study in nursing and for the knowledge bases required for advanced practice. Coursework at this level includes: nursing, theory and research, current issues, health care financing and managed care, advanced pathophysiology, pharmacology for prescriptive practice, advanced health assessment with diagnostics, family systems and client education. In Level II the courses focus on advanced theory and clinical practice to prepare graduates for the role of adult-gerontology nurse practitioner. Courses include theory in advanced adult-gerontology nursing and culminate in practica in advanced adult-gerontology nursing where role synthesis and role enactment are accomplished.

The program is designed to prepare graduates for advanced practice in primary care as adult-gerontology nurse practitioners. Students will develop their expertise to assess, diagnose and manage the therapeutic regimens for adult-geriatric clients with common acute illnesses and stabilized chronic illnesses in primary care settings.

## Level I

Total Credits		39
