

College of Arts and Sciences

Dr. Jeffrey Dueck, Acting Dean, Associate Dean of CAS

The College of Arts and Sciences is the original foundation of Saint Peter's University, offering the core curriculum as well as an abundance of majors and minors in the humanities, arts, social sciences, and natural sciences. In the Jesuit tradition, the College fosters in every student intellectual curiosity, critical thinking, and strong communication skills, while igniting a passion for lifelong learning. Providing opportunities for research, experiential learning, and internships around the New York Metropolitan area, the College ultimately prepares students for success in a wide range of careers, as enlightened and ethical leaders dedicated to inclusivity and service to others.

Founded in 1872, the College of Arts and Sciences is the oldest college at Saint Peter's. The University's broad core curriculum is housed here and it thoroughly prepares students to critically address issues that are fundamental to a humane education. Students learn to intellectually appreciate diverse perspectives and ideas, to be conscious of social and moral obligations, and to respect the traditions of Jesuit education. The College's more than 50 undergraduate majors, minors, special programs, as well as its articulation programs and graduate programs are designed to further develop ethically minded students to become rigorous and critical thinkers, lifetime learners and strong leaders in today's diverse and global society.
